A BIG BOAT COMBINE FORMING; MULLINS CO. ASKED TO JOIN IT

Now Includes Principal Manufacturers of Pleasure Craft in the Country With Exception Of the Local Company

MAY ALSO BUILD AEROPLANES IN THE FUTURE

Of particular interest to the industrial world is the news received Tuesday in this city from Chicago that a big boat building combine has been incorporated under the laws of the state of Maine to be known as the National Boat and Engine company. It will include practically all the important builders of pleasure craft in the United States, with the exception of the W. H. Mullins company, of this city, arrangements having already been completed to take over or control, according to the promoters, about 90 per cent of the output of manufactured boats in this country. It is understood that the Salem company has been approached with a request that it enter the big combine, but thus far has declined to do so, for the reason, it is said, that the combine consists principally of builders of wooden boats while all the Mullins boats are of metal construction.

A partial list of the companies absorbed by the combine follows:

Racine Boat Manufacturing company, Muskegon, Mich.; Truscott Boat Manufacturing company, St. Joseph, Michigan.; Pope Boat company, Fond du Lac, Wis.; Pierce Motor Boat company, Racine, Wis.; Shell Lake Boat company, Shell Lake, Wis.; Western Boat and Engine Works, Michigan City, Ind.; West Mystic Manufacturing company, West Mystic, Conn.; Inland Lakes Boat company, Lake Geneva, Wis.

Conservatism and stability, as well as experience in the management of the business, is indicated by the following list of officers and directors of the company, among the latter being men of prominence and high standing in public life and in the field of finance.

Walter J. Reynolds, president; J. M. Truscott, vice president; John Q. Ross, secretary.

Among the directors are the following:

Walter J. Reynolds, president, Racine Boat Manufacturing company, St. Joseph, Mich; J. M. Truscutt, vice president, Truscutt Boat Manufacturing company, Muskegon, Mich.; H. S. Beardsley, president Beardsley & Co., St. Joseph, Mich.; John Q. Ross, lieufenant governor, Michigan; C. R. Carpenter, cashier Commercial and Savings bank, Racine, Wis.; A. M. Probst, director of National Reserve bank, New York, N. Y.; Dr. Frank R. Warren, capitalist, Michigan City, Ind.; Allen R. Thompson, secretary and treasurer West Mystic Manufacturing company, West Mystic, Conn.; P. E. Pope, president Pope Boat Works, Fond du Lac, Wis.

President Reynolds on Tuesday made the following statement:

"The National Boat and Engine company is engaged in four lines of manufacturing—pleasure craft of every description and or every type from canoes to the largest yachts; commercial vessels; marine gas engines and steam engines and government vessels.

"Pleasure boating has reached a basis where it has now become a recreation of the very best kind for men of moderate means, or in other words for the great average public, as well

"An immense investment of capital is represented in the plants and equipment, large and small, throughout the country. The new phase of the pleasure boat industry, which has put it upon such a broad monufacturing and business basis, has come about largely through the perfection of marine gas engines.

"This new organization is not formed for the purpose of throttling competition or raising prices. On the contrary we will, by the specialization of designs, the concentration of purchasing power, and the reduction of overhead and executive expenses, be able to offer the public a better product than ever before and at a lower price.

"Another important undertaking of the new company, which will provide

BOLD DAY LIGHT BURGLARY OF RESIDENCE IN SALEM

Information regarding one of the boldest daylight burglaries in this city leaked out Monday evening. Although the culprit has not yet been placed behind the bars, it is believed he or they will be landed within a very short time, as Chief Cook is hot on his heels.

The wholesale thieving has been carried on at the home of Mr. and Mrs. Earl Allen, of North Howard street, who have been residing in Canton for the past two months, but who removed to this city last Saturday evening, and are now occupying the same house in which tney lived previous to their removal to Canton. The Allens did not move their household goods to Canton but stored them in this house. Upon their arrival Saturday evening, they began to unpack their stored goods and rearrange their furniture, when they noticed several things missing. Upon further investigation it was found that two velvet brussels carpets, an ingrain carpet, five small rugs, a cot and one dozen jars of fruit, together with several other minor articles were missing.

On Saturday, November 5, neighbors living near the Allen property noticed a tall man approach the house, unlock the door with a key and enter. After being in the house for about an hour he came out carrying a number of small rugs in a roll. At this the people suspected nothing, thinking that he had probably purchased the goods from Mr. Allen. Within a short time after the first visit he returned, this time bringing a wheelbarrow. Again he entered as before and carried out a fine cot and wheeled it away, after locking the door. The next day, Sunday, a man and woman and little child were seen approaching to the house. The former unlocked the door and they walked in. After an hour or so they came out, carrying a large basket well filled with articles.

During the same week the tall man was again noticed coming from the house with a large roll of carpet on his shoulders. He walked away from the house, and went quietly up Fifth street.

Just how many other visits this light handed gent made to the Allen property is not known.

SALEM MAN NAMED ON COMMANDER'S STAFF

At the regular meeting of Trescott post No. 10, G. A. R., Monday evening, announcement was made that State Commander Axline, of Columbus, had appointed Levi Fulton, E. K. Liber and Charles Bonsall, members of Trescott post, as aide-de-camps. These are honorary positions on the state commander's staff and the local veterans are worthy of this recognition.

The value of vanadium in a steel alloy lies in the fact that it removes oxygen and nitrogen, unites with the iron, and forms carbides that increase the strength of the steel.

MRS. MARY A. SILVER DIED 1 P.M. TUESDAY

Mrs. Mary A. Silver, wife of the late Albert R. Silver, died at 1 p. m. Tuesday at her residence, 170 Lincoln avenue, having been in ill health since suffering a severe fall two years ago. Mrs. Silver celebrated her eighty-third birthday last June.

Deceased was born in Salem June 4, 1827, the daughter of Robert and Helen (Charters) Dunn. In the year 1848 she married Albert R. Silver and to this union seven children were born. Mr. and Mrs. Silver were prominently identified with the social, religious and industrial life of this city during their long and useful lives. A golden wedding celebration was held in the winter of 1898 and Mr. Silver died in 1900.

She is survived by four children, as follows: E. W., A. O. and Homer, of this city, and Mrs. Esther Brainard, of New York city. The funeral announcement will be made Wednesday.

State Patients Benefited By Motion Pictures

Massillon, Nov. 15.—Moving picture entertainments are being employed to great advantage in treating patients by the physicians of the Massillon state hospital. It is claimed that they exert a more potent influence over the the inmates than any other form of diversion.

By giving the patients an opportunity to see wholesome moving picture shows, it is said their thoughts are taken from their own condition and gradually restored to the normal.

"The patients seem much brighter and better during the season the picture shows are held," said one of the physicians at the institution "Those who have work to do arrange their tasks so that they may attend. The shows are one of the best facilities we have for treating certain classes of patients."

DON'T BOTHER HARMON WITH YOUR JOB HUNTING.

Columbus, Nov. 15.—The job hunters are spending their good money and are flocking to Columbus to see the governor about the places they want. The governor's office is the wrong place to come. What they should do is to get busy with their county committees, their representatives, senators and congressmen and make them go to the front for them. Unless you have some backing of this kind it does no good to make these state capital pilgrimages. There are scores of good jobs here, but to get them you must go about it in the right way.

COMMISSION IS RE-VISITING

NORMAL SITE IS SOON TO BE CHOSEN.

HUDSON IS PASSED BY

Wadsworth and Kent Sites Re-inspected— Saturday2 and Warren's Monday—State Commission Dropped in Wholly Unannounced.

The state normal school commission, composed of Prof. W. H. Johnson, W. J. Catrow, J. S. Hummel, Levi D. York and Prof. C. L. Martzolff, visited Wadsworth and Kent Saturday and on Monday were in Warren re-visiting sites offered by these towns for the location of the normal school. The commissioners arrived in these towns unannounced, desiring to see the sites when no preparations had been made to receive them. They did not visit Hudson and it is naturally supposed that Hudson has been dropped from the race. Salem, also, has thus far been passed by but as the commissioners visited the other towns without announcing their intentions, there may yet be a chance that Salem will be given a secret investigation.

The members of the commission Saturday looked over several sites in Wadsworth and are said to have made some pointed remarks which greatly encouraged the people of the town who are working for the school. Kent is being seriously considered because of its excellent railroad facilities and the shops which are centered there.

At Warren the commission again visited the Kinsman and Norwood properties and asked that blue prints be prepared at once, showing the lay of the land and its boundaries. The members again expressed their approval of Warren and its advantages, but further than that would not express themselves.

Because the commission did not visit Hudson when the members were in that vicinity Saturday, it is thought that Hudson has been passed up. L. H. Chapin, of the Hudson committee, says that Hudson is standing pat and knows nothing new about the situation. "I think we have a chance. We are not as cock sure as Warren, where the papers say they have surely landed the school, but we think we have as good a chance as any one."

The decision of the state commission may come November 20, but it may be as late as December 1 before the end of the race comes.

BOY IS NEGLECTED AND TWO ARE UNDER ARREST

Lisbon, Nov. 15.—Deputy Sheriff Wells went to East Palestine Monday afternoon to bring George Teegarden and his son William Teegarden and Daisy Owens, of that village, to this city where they answered to a charge of neglecting the little boy.

The matter was investigated by Mayor Kyes several days ago and the conditions found at the Teegarden home were appalling. The Owens woman has been staying at the Teegarden home and the little boy has been left almost to take care of himself.

The warrants for Teegarden and the Owens woman were made out by Deputy Prosecutor Beck.

THERE'LL BE HOT FIGHT FOR OHIO SPEAKERSHIP

Columbus, Nov. 15.—Representative W. T. Smith, of Marion, came to Columbus Monday to find out if Governor Harmon had a candidate for speaker and hearing from the governor's lips that he had not, he at once entered the race for that office.

Mr. Smith has been sounding out the newly elected members of the general assembly and he believes he has a good chance to win. He said that he had assurance from A. P. Black, representative from Ashland county, who has been mentioned for the speakership, that if he (Smith) entered the race Black would stay out. The other active candidates are Judge Cyrus B. Winters, of Erie, and Price Russell, of Wayne. There is going to be a good fight over this place.

MISTAKES FEET FOR HEAD

Minneapolis, Nov. 15.—Despondent and tired of living, Frederick Barrs, aged twenty-five years, attempted to end his life in Central police station, but in his intoxicated condition made the mistake of putting his feet instead of his neck into a noose, made of bed clothing strips.

He was found unconscious from the rush of blood to his head by jail attendants, but otherwise was none the worse for his method of attempted self-destruction.

N. O. T. Officials On Inspection Of Interurbans

The elaborate appearance of a private N. O. T. & L. car standing on the Stark Electric "Y" for several minutes Tuesday morning, attracted the attention of many pedestrians who passed that way. This was the private car of H. A. Everett, of Willoughby, president of the Northern Ohio Trolley and Light company, who, with eight other officials of that company, made an inspection trip over the Stark Electric, Y. & O. R. and Y. & S. roads Tuesday, ending their trip in Youngstown. A delay in this city was occasioned by the lateness of the regular 11 o'clock Y. & O. R. car, which was held up by a slight wreck along the line earlier in the morning. The N. O. T. & L. officials will make the return trip to Akron over the same roads, passing through Salem Tuesday evening.

Suit for $10,000 Begun

Lisbon, Nov. 15.—Percy Tetlow, as administrator of the estate of James Thompson, deceased, began an action in common pleas court today to recover $10,000 as damages for the wrongful death of the decedent. Thompson, a miner, was killed by a fall of slate in the Card & Prosser mine on June 18, 1908.

The motorcycle is growing in public favor in some parts of England.

FORGOT GUN WAS LOADED; YOUNG MAN WAS SHOT

What may prove a fatal shooting affair took place Saturday evening about four miles southeast of Alliance, by which Ailey Wolf, an orphan boy 14 years of age, may lose his life.

In company with a cousin by the name of Wolf, the victim had been preparing for a hunt. They were in a barn at the time, when the cousin, who is 18 years of age, shot a load from the shot gun in his hand and then placed another shell in the gun. With the gun in his hand, he approached Ailey Wolf, who was on the barn floor picking up corn. Playfully he commanded him to dance and at the same time pointed the gun at him, forgetful of the fact that it was loaded. He raised the hammer and pulled the trigger, sending a full charge of shot in the hip of Ailey Wolf, who fell as if dead. The cousin at once ran away, crazed with fright. The wounded boy was later found and taken to the Alliance City hospital.

It was found that the entire charge of shot had entered the hip and several of the shot had passed through it, entering the abdomen, and one shot had penetrated the bladder. Soon after being taken to the hospital, Rev. Mr. Wykoff, pastor of the Alliance M. E. church, was called to administer the rites of baptism at the request of the boy.

The shooting was purely accidental and the older boy, who pulled the trigger, is almost crazed with grief.

Took Fruit to Apple Show.

Messrs. W. O. and W. E. Stewart left Tuesday morning for Spokane, Wash., where they will attend the national apple show being held in that city this week. The gentlemen took along with them a basket of their choicest fruit, large red Northern Spies, which they will compare with the many other varieties of apples on exhibition. They expect to spend about seven weeks in the west, returning by the central route.

Dean Believes Bill Will Pass

Columbus, Nov. 15.—Senator-Elect Thomas A. Dean, who was in Columbus Monday afternoon, said that he expected to be successful in getting his bill through to amend the county local option law so that cities will decide for themselves independent of the county as to whether they shall have saloons. "I think that it is better to have saloons that are well regulated than to have bootlegging and speakeasies," said he. The drys are getting ready to line up some strong opposition against the bill, which will be introduced early in the session.

HUNTERS' HORSE TOOK A TUMBLE

FELL INTO SEWER EXCAVATION ON MILL STREET.

ANIMAL WAS INJURED

Lay in Ditch Until Derrick Was Brought Into Play—Many Local Nimrods Sallied Into the Fields in Search of Game.

Anxious to reach the fields near Winona and to get on the trail of the cottontails in the small hours of the morning, two Salem sportsmen, Virgil Baten and Alfred Crumrine, of this city, met with an accident early Tuesday morning, about 5:30, which nipped their ambitions for a short time. The two young men had hired a horse of Liveryman S. E. Mackintosh, and had started for tne wilds before daylight Tuesday morning. While driving rapidly on Mill street near the nail mill office they did not notice that part of the street had been torn up for sewer construction, and in the darkness the horse plunged into the deep hole which had been excavated. The steed dropped to the bottom of the ditch, some ten feet below the surface of the road and lay there feet up in a cramped condition for several hours. Miraculously the animal escaped being injured by the boards along the side of the ditch.

The young men telephoned at once to the Mackintosh livery and informed the night man of the accident. Men were on the scene several minutes after and attempted to raise the horse with ropes but their efforts proved futile. Later Charles Endey reached the scene and placed his three-way derrick over the hole. After binding the animal with straps and ropes so that it might be lifted uninjured, it was raised part way up when the ropes broke, letting the horse back into the mud again. By this time a crowd of men were present and the animal was finally drawn up with ropes at about 7:45 a. m.

The cold weather in conjunction with the cramped condition of the animal while it lay in the mud, rendered its legs useless, and it was hauled to the livery barn on a low sled. Mr. Mackintosh stated that he thought the horse's back had been injured by the fall. The animal is one of his best and valued at $200.

With the dawn of day Tuesday, Salem hunters in great numbers hiked to the tall and uncut in search of the festive bunnie and the quail, for Tuesday was the first day of the open season for these two species of game. Monday night's snow came as per order to help the nimrods track the game through fields and over woodlands.

Local sporting goods dealers report a larger sale of guns and ammunition than last year, for the hunting outlook has been better than it has been for several seasons. As usual, as many hunters took advantage of the first day as could possibly arrange to get away from their work and the entire plant of the Silver Manufacturing company was closed for the day so that the employes might spend the day in the woods.

In former years farmers have been liberal in allowing Salem hunters on their farms, but it is reported that they will be more strict this year and in some of the communities within a radius of a few miles of Salem, farmers have organized to prevent any trespassing on their farms. However, most of the hunters have permits or the personal assurance of the farmer that they will not be molested and those at home will now await wireless reports from afield.

MAN SUSPECTED AS DRY DETECTIVE MILO DUNLAP

Wellsville, Nov. 15.—It was learned yesterday that the fellow who was the cause of so much excitement in Wellsville, Saturday afternoon, by his hurried departure from John Donahue's place, is none other than a bootleg detective named Milo Dunlap, of Salem. It was he who turned up so many violators of the law at Salem some time ago.

Dr. J. B. Kirk was in Alliance Monday visiting Wm. Greenfield, an old friend, who has been quite sick.

Entered at Salem Postoffice as Second Class Matter

The hunting season has arrived and the annual feeling of resentment towards a certain class of city nimrods will be aroused in the rural districts. Notwithstanding the law which prohibits hunting on any man's farm unless a permit has been granted there is a class of city hunters who pay no heed to it nor do they seem to appreciate at all that the farm owners have any right to say whether or not the wild game on their property shall be hunted and slain. In addition to this they are careless about tearing down fences, leaving gates open and even occasionally go so far as to shoot domestic animals and fowls. This is enough to arouse resentment and unless such fellows can be taught to respect the rights of others and the law it will soon be impossible for anyone to obtain a hunting permit anywhere. The fair-minded, law-abiding sportsmen should make it their business to co-operate with the farmers to the end that the objectionable class of hunters may be either suppressed entirely or vigorously prosecuted every time they tresspass upon the lands of another.

The fact that 300,000 Ohio voters remained away from the polls on the 8th does not especially commend their citizenship, particularly when it is very probable that but few of them could give a good excuse for thus neglecting their duty. As we have remarked before, if these men were suddenly deprived of their right of franchise a terrible howl would be heard and there would be all kinds of talk about serfdom, slavery and the like. We fear that a large per cent of these stay-at-home voters in Ohio were Republicans, who for reasons which have already been elaborated upon did not care to support the Republican ticket and would not vote for the Democratic candidates. It is to be hoped for their own good and for the good of the party that such a condition will not exist two years hence.

The correspondents down at Columbus are picking Hon. Atlee Pomerene as a winner for United States senator and the indications from all parts of the state are that their judgment is about correct. A large number of legislators and legislators-elect have already indicated that Pomerene is their choice and it looks as though he has a lot of votes "cinched." Inasmuch as the successor to Senator Dick cannot be a Republican we would very much like to see the honor bestowed upon Canton's eloquent son, not only because he is a neighbor and a mighty good fellow but because he has real ability and would represent Ohio with dignity and in manner befitting a great state in the United States senate.

With Senator Dean's announcement that he will re-introduce his bill at the opening of the next legislative session came the first formal notice to the "drys" of Ohio that they will have a lively fight on their hands next year to save the Rose county option law. Dean believes his bill will pass both branches of the legislature. If it should, there will undoubtedly be strong pressure brought to bear on Governor Harmon to veto it and that his position will not be a pleasant one in that event may well be imagined

A plan is being worked out in Chicage to serve penny lunches, consisting of some wholesome soup, bread and good butter, to the children who attend the public schools. This does not bear out the oft repeated assertion that the cost of living is almost prohibitive to the poor. If a wholesome lunch can be provided for one cent surely the living cost for the average family could be greatly reduced by the application of better system and more scientific selection and preparation of food.

Up in Wisconsin hunters are being urged to wear red caps so that they will not be mistaken for wild game and shot by other hunters. If they would also add bullet-proof armor to the costume there might be a better chance of the hunting season passing with fewer fatalities.

Not Sorry for Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c and $1. Trial bottle free. Guaranteed by Bolger & French.

Ikirt has been an inmate of the infirmary for the past 23 years and as he has been afflicted mentally he has been quite a charge to the attendants there.

The body was claimed Monday morning by a brother, Ira Ikirt, and will be taken to the family residence north this city where the funeral was held yesterday, interment following at the Church Hill cemetery.

Catarrh and Blood Disease—Doctors Failed to Cure.

Miss Mabel F. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with catarrh and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. It's the long, lasting service in a suit or overcoat that tells the tale. This is one important reason why more people buy their clothing here right along.

LAWYERS CONFER ON SCHENK CASE

Date For Preliminary Hearing of Woman to Be Set

SCHENK SHOWS LITTLE CHANGE

Attorney For Wife of Millionaire Pork Packer of Wheeling, W. Va., Says His Client Has Made no Statement Whatever Since Her Arrest Dr. Ackerman, Schenk's First Physician, Will Be Important Witness.

Wheeling, W. Va., Nov. 15.—At a conference of attorneys for the state and defense to be held today the time of the preliminary hearing of Mrs Laura Farnsworth Schenk, charged with attempted poisoning of her husband, John O. Schenk, the millionaire packer, will be decided upon.

The conference would have been held sooner but Prosecuting Attorney J. B. Handlan was unable to attend the conference.

Attorney J. P. O'Brien, chief counsel for the defense, stated that reported interviews with Mrs. Schenk appearing in out-of-town papers were absolutely false.

He said no newspaper men had seen her since her arrest, and that she has not nor would not give any statement for publication. Dr. Gregory Ackerman, the physician who first attended Mr. Schenk, is now in Chicago and will not return to his home here until Nov. 21.

He is an important witness for the state and the defense will also put him on the stand. It is claimed he prescribed medicine for Mr. Schenk which contained a small amount of arsenic and that it was given with the knowledge of the patient.

It is said the glass in which this medicine was given the patient was also used to give him water, and that it was discovered it contained arsenic after Dr. Ackerman had been relieved from the case.

The water remaining in the glass was poured back into the bottle of lithia water and this is the water that was analyzed by the chemists at Johns Hopkins.

According to the reports from Schenk's bedside he is resting well. His condition for the past several days changes little from hour to hour. It is not thought much change will be noted in his condition for some days as he is weak and his pulse remains high. However, a gradual improvement is anticipated by the physicians.

Will Promote Beauty.

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cuts, bruises and piles. 25c at Bolger & French's.

TWO LISBON ITALIANS DODGED THEIR TRIAL

Lisbon, Nov. 15.—The two Italians arrested Sunday evening on a charge of furnishing liquor, and from whom the police captured five gallons of alcohol from which it is believed they intended compounding a lot of "white whiskey" did not appear for trial yesterday evening. The officers had become suspicious of them and went early Monday morning to the Prasco house where they boarded. It was found that the men had taken leg bail and that their beds had not been slept in.

City officials are not much morried over the escape of the men as they consider that it will not be long until the men return here for their wages and clothes and it will be an easy matter to apprehend them. In the meantime the captured alcohol has been placed in the booze room at the City hall and will be destroyed by the order of the mayor.

Joe Bova went to Pittsburg Tuesday to purchase his Saturday produce.

GENUINE ECZEMA REMEDY

New Remedy That Cures Eczema Quickly.

Floding's Pharmacy has sold hundreds of jars of Hokara in the last few weeks, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself yet the most marvelous thing to them is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief and cure in Hokara.

No matter where the eczema, pimples or other breaking out occurs whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the wors or most chronic cases will be cured in a short time,

You can buy a liberal-sized jar at the very low price of 25c and with every package goes Floding's Pharmacy guarantee to refund the money if it is not satisfactory. Large size 50 cents.

If the skin disease is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets They cool and cleanse the blood and regulate the bowels in a natural way.

particularly favorable conveniences to yachtsmen, will be the establishment of supply stations at all points where boats gather. At these places our patrons will be served promptly by our agents and mechanics, and be able to receive supplies and have repairs made with a promptness which is now impossible.

"We propose to educate the patrons of the National Boat and Engine company to know that our interest in them does not cease with their purchase of one of our boats, and that they are never very far from one of our many avenues of co-operation and assistance.

"The National Boat and Engine company will own outright all of the properties of the companies which have united to form the organization and will run into the millions.

"However, it is part of the opportunity of this new company to very greatly develop the business and increase the demand for boats by comprehensive and persistent publicity plans which are already under way.

"We are formulating a plan by which those who appreciate the opportunities for increasing profits which the operation of the new company will bring may secure a share in these profits.

"The company will place upon the market an issue of first mortgage gold bonds paying six per cent per annum. For these bonds the Astor Trust company of New York is trustee, and the bonds will be offered to subscribers by the company itself. Accompaning the bonds will be a profit-sharing arrangement which those who are in a position to subscribe for the securities will recognize as of particular interest.

Aside from pleasure craft, commercial vessels, government vessels (exclusive of man-of-war), and marine gas engines, the National Boat and Engine company is chartered and plans to build aeroplanes just as soon as that industry has reached a sound commercial basis.

CORN CROP THIS YEAR BIG SAY THE EXPERTS

One of the biggest corn crops ever known is the report received from the government by local dealers in feed and grain. The corn crop this year is one of the largest and best that has been known for years. A drop in the price of almost every grain resulted last week from the report of the large crop.

The cause of the crop is attributed to the late coming of the frost this year. As a rule the frost has been much earlier in coming than it was this winter. The first frost was about three weeks later than usual. This, combined with the hot weather of the summer, is reason for the good crop.

COURT WITHDREW THE SUSPENDED SENTENCE

Youngstown, Nov. 15.—John Peloe, indicted by the September grand jury for larceny, was brought before Judge Barnum Friday afternoon and the suspension of his sentence was withdrawn, the court giving him 10 days in the county jail. The same action was taken in the case of George Neff, indicted under the same count.

In passing sentence on these men, the court said that this action was taken to afford an example to the rest of the community. It was not done because they did not observe good behavior, as they had been living exemplary lives since the suspended sentence was imposed. It is the intention of the court to make this crime a solemn warning to others who may indulge in petty thievery.

These two men were indicted with LeRoy Toot for stealing hides and a suspended sentence of 30 days was given each of them. Neff was brought into court Monday and the suspension withdrawn, since which time he has been confined in the county jail awaiting his removal to Cleveland. He will remain in jail until his sentence is worked out.

Convalescents

After a long wasting illness, convalescents require nourishing food that will not overtax the digestive function—and in the way of making tonic, we know nothing that equals Vinol, our delicious cod liver and iron tonic (without oil).

Vinol creates an appetitee, restablishes good digestion and helps the daily food to make rich blood, form flesh, strong muscles and impart new life and vitality to every organ in the body. We ask those who need a strength and flesh building tonic restorative to call at our store and get a bottle of Vinol with the understanding that if it does not help them we will refund their money without question. MOON WILL BE IN ECLIPSE NOV. 16

The most popular celestial event of the year outside of the recent appearance of Halley's comet, will be the total eclipse of the moon which is scheduled for the evening of November 16. The eclipse will be visible it is said throughout the greater portion of the United States and can be seen with the naked eye, providing of course the weather conditions are favorable.

The moon will remain in the earth's shadow three hours and fourteen minutes. It will enter the shadow at 4:44 p. m. and leave it at 7:58 p. m., the middle of the eclipse occurring at 6:21 p. m., central standard time, and the total phase will begin at 5:55 p. m. and end at 6:47 p. m., but the moon will not leave the outer shadow until 8:58 p. m.

Crying for Help

Lots of it in Salem But Daily Growing Less.

The kidneys cry for help.

Not an organ in the whole body so delicately constructed.

Not one so important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Salem citizen:

Mrs. J. E. Scott, 123 East High St., Salem, Ohio, says: "A few months ago my back pained me severely. I had often heard about Doan's Kidney Pills and deciding to try them, I procured a box from Bolger & French's drug store. Since taking this remedy my trouble has been greatly relieved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

He writes us, "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks." Bolger & French.

Angry Skin Healed

No Doubt About Poslam's Power to Kill Germ Life.

In any bacterial infection of the skin poslam, the new skin remedy, shows its power to annihilate germ life by stopping the itching at once and causing the trouble to quickly disappear. Poslam acts in this manner in any surface skin disease, including all eczemas, salt rheum, skin scale, seven-year itch, psoriasis, barbers' itch and similar troubles. Every day brings records of remarkable cures exceeding all claims made for it. "For sixteen months I suffered with eczema," writes Mr. W. Noeman, Elmira, Ont. "Spent two months in a hospital, tried everything known, with little or no effect. On December 29 I procured poslam, and am happy to say that on January 7 (9 days later) I am perfectly healed; my skin is as clear as a baby's."

In minor skin affections, such as pimplies, red noses, complexion blemishes, rash, scalp scales, itching feet, etc., a small quantity of poslam will do the work, results being seen overnight.

Poslam is sold in two sizes (trial, 50 cents; regular jars, $2) by all druggists, particularly Bolger & French. For a free sample write to the Emergency Laboratories, 32 West Twenty-fifth street, New York city.

Fashionable Church at Pittsburg Provides Nursery For Tots.

Pittsburg, Nov. 15.—"Please check your babies," is in substance the notice given in the fashionable Second Presbyterian church of Pittsburg with its 1,100 members—among them the best people of the city. And what is more, the church has provided a practical check room, or rather a real nursery, with real nurses to take care of the babies while mothers attend the church.

One of the floors of the Sunday school building attached to the church has been fitted up as a playroom and nursery for the tots, from the babe in arms to the sturdy five-year-old.

Seaver's Dyspepsia Tablets.

Have you dyspepsia? If you have perhaps you want to get rid of it. You can by taking Seaver's Dyspepsia Tablets. We do not print any pictures of before and after taking. You get them by standing before the looking glass. If you don't believe this, try the tablets and you will. We have proved that Seaver's Dyspepsia Tablets will cure dyspepsia over and over again. We are ready to demonstrate it in your case, and we will tell you how. Go to the store of Frank F. Trimble and get a package. Take it according to directions. If it cures you, step in and tell the druggist so. If it doesn't step in just the same, and tell him that, and he will hand you right back the ducats you paid him. Do you suppose this offer would be made if we had any doubts about what the tablets will do for you? Do you see any way that you can lose any money out of it? But if you really enjoy dyspepsia, and want to retain it permanently, let Seaver's Dyspepsia Tablets alone, for the tablets won't let dyspepsia alone.

Woman's Nature

It is the nature of women to suffer uncomplainingly, the discomforts and fears that accompany the bearing of children. Motherhood is their crowning glory, and they brave its sufferings for the joy that children bring. No expectant mother need suffer, however, during the period of waiting, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counter-action, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures for her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

IMPEACHMENT TALK IS HEARD

Democrats, Controlling House, May Oust Ballinger

WILL MEAN BITTER SESSION

Both Pinchot and Ballinger Have Revived Quarrel Last Few Days and It Is Expected the Controversy Will Be Principal Question in Coming Session of Congress—Majority Report, Clearing Interior Secretary, Anticipated.

Washington, Nov. 15.—The Ballinger-Pinchot controversy will hold the legislative boards at the coming session of congress and Democrats say there is a bare possibility they may make an effort to institute impeachment proceedings in the house against Ballinger.

The two principals to the controversy have within the last day or two revived the quarrel, both issuing statements bearing upon the legality of the Cunningham claims for coal lands in Alaska.

Senator Nelson of Minnesota, chairman of the congress committee of inquiry, is expected here early in December. Immediately upon his arrival he will call a meeting of the majority of the committee. If present plans are carried out the report of the majority will be submitted to the house just before the Christmas recess.

Sustaining of Ballinger Understood.

While there is no official authority for the statement, it is generally understood that the majority report will sustain Secretary Ballinger. The Democrat report, to which Representative Madison of Kansas, Republican, signed his name at Minneapolis in September, condemned Secretary Ballinger and recommended his dismissal from the cabinet.

The administration itself proposes to take action that will start things moving in congress in regard to this long drawn out controversy.

Democratic leaders in the house count upon the united support of the insurgents in their efforts to force the adoption of the minority report in the Ballinger-Pinchot case. Friends of Mr. Pinchot assert they will have the support also of a few conservatives.

The subject of impeachment proceedings against Ballinger comes from Democratic sources.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Before taking Foley's Kidney Pills I was troubled for several years with backache and poor action of my kidneys. I was subject to annoying irregularities, with a scalding sensation and there seemed to be specks floating before my eyes. ELY FLIES OVER OCEAN TO SHORE

Starts From Deck of Naval Vessel Off Old Point Comfort

FIRST FLIGHT OF THE KIND

Ely in Starting Drops Close Enough to Water to Give Himself a Ducking—Water Splashes Into His Eyes and He Makes For Nearest Point of Land—Flies Five Miles in About Five Minutes.

Norfolk, Va., Nov. 15.—Eugene B. Ely, the aviator, made the first successful flight from the deck of a naval vessel when his Curtiss biplane was started from a temporary launching platform on the forward deck of the cruiser Birmingham, which was anchored in Hampton Roads, off Old Point Comfort.

After many hours of preparation Ely finally started his aeroplane down the platform, which inclined at an angle of about five degrees.

His machine gathered momentum rapidly, Ely making a slight miscalculation in controlling the levers, which made his machine dart toward the water. The wheels and the tip of his propeller just barely touched the water.

Flies in Biting Wind.

He succeeded in righting the machine and it darted upward. Ely rose to 100 feet and flew about five miles toward Willoughby spit, just opposite Old Point, where he landed safely. During the flight a biting wind and rain prevailed, which prevented the aviator from identifying the landmarks.

It was Ely's intention to fly from the deck of the Birmingham to the Norfolk navy yard, but he was prevented by the bad weather conditions. As his machine struck the water the spray flew into his goggles, almost blinding him, which prevented him from continuing the flight to the navy yard.

His propeller blade was slightly chipped by contact with the water, but not sufficiently to interfere with the flight.

The Birmingham left the Norfolk navy yard, accompanied by the torpedo boat destroyers Roe and Terry, which acted as a convoy. While the vessels were proceeding through the Elizabeth river into the roads a heavy rainstorm broke. The Birmingham anchored off Old Point with her bow headed into a southwest breeze, which was blowing at the rate of about ten miles an hour.

Weather Doesn't Deter Ely.

Aviator Ely climbed into his machine in the face of a biting wind and rain with an occasional flurry of hail. His machine was thoroughly tested before launching. Finally the blue jackets who were holding the machine on the launching platform on the forward deck were ordered to let go.

The machine glided gracefully down the incline and continued its descent until the wheels and the tip of the propeller touched the water about 100 feet ahead of the Birmingham which was anchored.

Every spectator on the naval vessels and the other craft which were gathered in the roads breathed hard for a moment when it looked as if the machine would be unable to rise from the surface of the water. Ely, however, had no difficulty in managing the machine and sent it upward by tilting the elevation planes. They responded instantly and the machine traveled upward in almost a straight line toward Willoughby Point.

FATHER OF TWENTY-TWO

Has Never Made More Than $1.50 a Day, But Is Contented.

Peoria, Ill., Nov. 15.—Frederick Demmin of this city has the distinction of being the father of twenty-two children, all living and healthy. The other day when he counted noses there were only twenty, but on Sunday morning two more were added to the flourishing family.

Demmin was married at the age of twenty and the new twins are the fourth set to invade his home. The others, fourteen in number, are all singles. Demmin, today at the age of forty-seven, has never received more than $1.50 a day.

He can give no special plan on how he solves the cost of living, but declares that he is happy and contented and goes to work every day with a full dinner pail and saves his money.

NEW REVOLUTION STARTED

Western Nicaragua Said to Be Aflame. Estrada Too Slow With Reforms.

Colon, Panama, Nov. 15.—Reports reaching here declare that western Nicaragua is in the grip of a new revolution. The trouble is said to have broken out in Corinto and Leon, where the conservatives in political meetings denounced the new Estrada government because it has not granted all the reforms promised as quickly as the conservatives think it ought.

In Leon and Corinto street fighting occurred between troops and mobs. Many were killed and wounded in both cities.

LIQUID CURES ECZEMA
WHERE SALVES FAIL.

In regard to skin diseases, medical authorities are now agreed on this:

Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.

WASH THE GERMS OUT.

A simple wash: A compound of Oil of Wintergreen, thymol, and other ingredients as combined in the D. D. D. Prescription. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.

A 25 cent trial bottle will start the cure, and give you instant relief.

HUGE GAS STORAGE TANK EXPLODED; LOSS $10,000

Youngstown, Nov. 15.—A terrific explosion that rocked buildings on their foundation in every part of the city and broke glass in windows and doors of West End business houses and dwellings occurred at the Ohio Works of the Carnegie Steel company Sunday forenoon shortly after 11 o'clock. A huge storage tank containing about 45,000 cubic feet of gas let go with a roar. The crown of the tank was carried fully 1,000 feet into the air and fell near No. 6 furnace. Several mill buildings were partly destroyed. The loss will reach probably $10,000.
